Molly Wally's
franchisee satisfaction summary report

Dear Entrepreneurs,

There are more franchise opportunities today than ever before and the timing has never been better for investing in a franchise business. That said, there are many factors to consider when buying a franchise and clearly one of the most important factors is franchisee satisfaction.

To measure satisfaction, we ask franchisees over 40 questions related to training & support, system communication, franchisor/franchisee relations, financial opportunity, market demographics, business lifestyle and overall satisfaction with their business. And we don't just survey a select group of franchisees - we invite every active franchise owner to participate in the survey process.

Satisfaction is one of the most critical factors every entrepreneur should consider before investing in a franchise. With thousands of opportunities to choose from, franchisees hold the key to understanding which are the best opportunities. I encourage you to get as much feedback as possible from current franchise owners before making your final investment decision. This report is your first step.

I hope that you find this information both interesting and useful in your franchise research. Franchising offers some wonderful opportunities and I wish you the best of luck with your new business investment.

Happy Franchising!

Overall Satisfaction

For anyone researching a franchise, we understand how important it is to get feedback from current franchise owners. To expedite this process we invited all Molly Wally's franchisees to participate in our independent satisfaction survey. 200 franchise owners elected to participate (approximately 67.11%).

Each of the seven areas evaluated for satisfaction are summarized here in the overall snapshot. In the pages that follow, we will explore each of these areas in detail. On pages 8-10 we provide comprehensive demographic and market information to help paint a full picture of franchise owners.

General Satisfaction

In business as in life, you experience many ups and downs. We all have our share of bad days, bad weeks and bad years. At any given time, a franchisee will be dealing with various challenges and issues, both personal and business related, that effect their levels of satisfaction in certain areas. Because of this, we ask franchisees two broad questions related to their satisfaction. Of all of the questions we ask franchise owners, these are clearly the most telling.

Overall Opportunity

How current franchisees rate the franchisor and the overall opportunity provided by the franchise system.

Overall Performance

How current franchise owners rate their overall performance as successful franchise operators.

Overall Satisfaction

How current franchise owners rate their overall satisfaction with their franchise as a whole.

Do It Over Again

How current franchisees responded when asked to rate the likelihood of making the same decision to invest in their franchise again, knowing what they know today.

Recommend

How current franchise owners rate their likeliness to recommend this franchise opportunity to others.

Survey Methodology

All active franchise owners from Molly Wally's were invited to participate in this survey process. New franchise owners that had just joined the system and had not been in business for 3 months or longer were not included. Additionally, any franchise owners that had left the franchise system prior to the survey process were not included.

Franchise owners were made aware of the survey process by their corporate office and encouraged to participate and share their honest feedback regarding their franchise experience. Franchise Business Review then contacted each franchisee individually and supplied them with their unique login information to complete the survey. Franchise Business Review made at least three attempts to reach each franchise owner directly by email, the postal service and/or by telephone.

The standard survey consists of a total of 53 questions. 37 questions relate directly to the franchise owner's experience. The remaining 16 questions are focused on market, lifestyle and personal demographic questions. Franchise owners had the option to complete the survey anonymously or choose to share their personal information.
